COMMERCIAL MAN'S

Bull Sale

Monday, February 3, 2025

1:30 p.m. at the OHL Ranch | Norfolk, NE

WELCOME to our 18th Ohlrichs & Friends Annual Bull Sale. Hardly seems possible that bull sale time has rolled around so fast again. We are grateful and blessed for another good year ... yes we had moisture early and then we turned into being in a drought area. Fortunately the cattle business has been good to all. We must always look on the positive side and yes be thankful for all the experiences we do gain. Again it is a pleasure to have our great friends Mark & Deb Core, Jared & Bailey Boyert, Chase Samuelson and Kurt & Colton Kleinschmidt bring to us some of their quality bulls. They are as dedicated to the cattle industry as we are and offer top quality stock throughout their herds.

We strive every year to raise and offer even better bulls, not only because it is our passion but we want them to be profitable for the new herds that they go onto. It does not matter what breed or what percentage the cattle are, we just want top quality stock that offer ALL the goods including Maternal, Performance and Looks all in one package.

Again we can never thank our helpers, neighbors and friends for all their help throughout the year. You are all invaluable. Just as important to us is your business and friendship whether you are looking for bulls or have bought heifers. You are welcome to come look at the bulls any time or give us a call. We will describe them to you just the way we see and know them.

Wishing you ALL a healthy and prosperous and blessed 2025!

****We are offering \$100 per head off of each lot if you take them home on sale day!

OHLRICHS

CORE MR QUEEN CASINO 479M ET

01.01.2024 \ ID 1681 \ Polled \ Black \ Angus \ AAA Eligible

This bull's mother, CF Proven Queen 138, had a huge fall selling show heifers. Not only did they sell high but the cattle are winning including Schaeffer's heifer that wins Hoosier Beef Congress and Plamp's heifer who has won many shows including Kansas Beef Expo. As well as Thoreson's two females that are always getting pieces of the Angus divisions. These cattle are good and so is this bull.

BNWZ DIGNITY 8017
FCF PROVEN QUEEN 419

2148 is a Dignity x 419 that is a full sib to RJ's 138 cow that is making a big statement this year with her first set of ET offspring. This bull, a lot like his sire is big stout, rugged, with awesome foot shape. Angus cattle with this kind of foot shape are a must within the breed. I like the Casino cattle and they seem to be working extremely well in production.

BW: 85 lbs. / AWW: 710 lbs. (ET)

06

OHL MAN ON A MISSION 0257-1

03.07.2024 \ ID 0257-1 \ Polled \ Black \ Angus \ AAA Eligible

This bull has literally done it all on his own and a twin to boot. His dam somehow got on her back in a ditch and we lost her in late May. We just left him with the cows to see what he would do. Well, he did not miss a beat. He has the body, muscle and performance that we expect out of our herd and his mother had the picture perfect udder. This is a bull that could take you to the next level.

BW: 85 lbs. (TWIN) / AWW: 729 lbs.

OHL CREAM PUFF 365N

When you are calving cows and that one gets up...you just know if they are going to be extra special. It never matters if it is a heifer or bull you just know. When Moonshine stood up that very first time we knew right then and there he was the extra special one. Not just by looking at him but we knew also that his pedigree is special at the OHL. His granddam has done as much for our operation as any cow we have ever raised. There is no doubt that Moonshine will carry that torch proudly. From the ground up he is incredible. Big footed, square built, incredibly sound and with all his power he is still so smooth made. Honestly these kind are not made everyday. See him for yourself. Might we mention that he is good haired too..

BW: 93 lbs. / AWW: 740 lbs.

Move Over is what we named him when he was just a couple days old. We knew he was special then and still is. If you want a bull that can be as versatile as they come Move Over is for you. Honestly, no matter what breed you raise or even if you are into raising club calves this bull will put the maternal, performance, structure and the look into your calf crop. He is the kind that will take your cow herd to the next level. That is why we call him Move Over. We better mention that his dam is young and we expect a lot of great ones out of her in the future.

BW: 90 lbs. / AWW: 758 lbs.

09

OHL MAN IN BLACK 162M

02.24.2024 \ ID 162 \ Polled \ Black \ 3/4 SA \ ASA 4465059

Here is your chance at a female making, performance packed, genetic machine. He has the structure to cover any ground. This bull has the little extra punch in frame size and is long sided and deep bodied. Here again this cow family has been around for multiple generations and each generation continues to outdo the previous. Guess that is why we keep them around and plan to continues to do so. We could talk all day long about this kind, this bull can speak for himself. This is just good beef.

MISS ROXY

At the age of nine years old our Stormy cow won the prize this past fall weaning off the heaviest calf we have ever raised at a whopping 931#. No matter what breed you raise, that is gettin' er done. Beyond that he is good looking. He has length and depth of body, sound as you can make one and still so smooth in his build. Comes with a little extra frame to give you that extra performance if you are looking to add that to your next calf crop. A bonus for us, we have several Stormy daughters in our herd that are pretty special also.

BW: 95 lbs. / AWW: 919 lbs.

OHL MAKIN' ROUNDS 131M ET

02.29.2024 \ ID 131 \ Polled \ BWF \ 1/2 SA \ ASA 4465046

A couple of years ago we sold a bull named Back Roads. This is his full brother. He was raised at a cooperator herd and when we saw him we knew we had a special one. This guy is real complete, long spined and stout yet smooth made and easy fleshing. Round Up has been an incredible female maker. We truly have confidence that this bull could out do his daddy. We like this bull a lot. He also come out of a great cow.

Are you looking to make a set of baldies that would be the envy of the neighborhood? This guy can produce you a set of those incredible replacement females and add extra pounds. Add this bull to your want list because he will do all of the above. He had an actual weaning weight right off of the cow at 826# and a 205 day adjusted weight of 867#. Mama does well every year! He is long bodied with lots of rib shape and is still powerful. Not to mention his smoothness from end to end. A real commercial mans dream bull.

We had three of these full brothers so we divided them up and are selling one of them at the 2025 NWSS Maine bull sale in the yards. These two we have kept for our sale. Both bulls are different in their phenotype but very good. Tag 0127 is more moderate in his build. Tag 114 reads with a little more stretch and frame. Both bulls will make a great set of replacement females. Their dam has also worked well when we mated her to a Simmy. As the saying goes ... there is power in the blood. You pick which bull is best for your herd. Cannot decide, buy them both and reap the benefits.

LOT 59 - BW: 90 lbs. / AWW: 781 lbs. (ET)

DAM: W/C MISS WERNING G918 (ASA 3729625)

PLATTEMERE QUEENIE 825

This is just a beast of an individual coming right off of the cow weighing 905#. Mama did her job and he has not stopped after weaning. He is full of red meat from end to end. His dam has a beautiful udder so maternal is bred right into him also. A dual purpose bull to raise females, bulls or top performance cattle. Sure to add extra pounds as they go across a scale at weaning.

BW: 94 lbs. / AWW: 882 lbs.

#7247 - our Peek A Boo cow does it again! If the Lot 62 bull had the white spot on his head they would be almost identical - full brother to Lot 66. On both of these bulls you could say that Beef Is Their Business. They are both beasts. What a pair they would be to turn out together. If you want pounds and maternal in one package it is right here.

BW: 93 lbs. / AWW: 630 lbs. (ET)

 5127 ANGUS

Justice (20/20 x Profit son) can sure put the performance and look into a set of calves and this bull comes to you with an AWW of 756#. This is just one complete bull that is so easy to look at. He has the goods as far as length of body, stoutness and soundness. And is still very maternal in his pedigree and make up.

BW: 93 lbs. / AWW: 765 lbs.

 DW SUSANNA 763T

Like begets like right here comparing him to his full brother that sold in last years sale bringing \$8,500. His Bankroll dam mated to Triumph (20/20 x Profit) will flat out put the power in one with an AWW of 768#. Here again the only thing were would really want to change with this bull is to make him two months older. Buy him with confidence. He would be a great option to take home and put on a set of fall cows.

BW: 95 lbs. / AWW: 768 lbs.

65 OHL MR ROGERS 9275M
03.21.2024 \ ID 9275 \ Polled \ Black
1/2 SM \ ASA 4465063

This is the second calf crop out of Triumph (20/20 x Profit son) and they continue to impress us. This bull is long bodied and with that comes weight. His actual weaning weight was an impressive 742# with an adjusted 205 day weght at 782#. He is awesome footed and great structured. There is no doubt that on a set of Angus cows he would be the real ticket adding pounds and the heifers would be the keeping kind.

BW: 93 lbs. / AWW: 782 lbs.
